

## CUSTOMBILT PONDTOONS™

Let me tell you about our product. A boat that can be used as a dock or pier and also move around the lake or pond to fish or hunt. Our 5' wide or 6' wide-14' pondtoons will allow you to stalk your game in shallow water and lend itself to riding friends and family on the water as well. It can be powered with an outboard or simply use a trolling motor. We will customize to suit your needs. If needed, we can construct your pondtoon to be handicap/wheelchair accessible so that everyone gets the same opportunity to enjoy the water. You'll be confident on the water with one of our pondtoons that's total aluminum constructed with all aluminum welds.
